SAUGUS, Jan. 15, 1895.

ANNUAL TOWN MEETING.

ESSEX, SS.

To Chas. F. Clark, Constable of the Town of Saugus,

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Saugus, qualified to vote in Town affairs, to meet at the Town Hall, Saugus, on Monday, the twelfth day of March, A. D. 1894, at six o'clock A. M., to act on the following articles, viz. :—

ART. 1. To choose a Moderator to preside at said meeting.

ART. 2. To bring in their votes for Town Clerk, one Selectman for one year, one Assessor for three years, Overseers of the Poor, Board of Health, Treasurer, Constable, Tax Collector, Auditor, one Sinking Fund Commissioner for three years, one Water Commissioner for three years, one Trustee Saugus Free Public Library for five years, one Trustee Saugus Free Public Library for three years, one School Committee for three years, and two Fence Viewers. Also your answer—"Yes" or "No"—to the following question: "Shall License be granted for the sale of intoxicating liquors in the Town for the ensuing year?"

ART. 3. To hear and act on Reports of Committees.

ART. 4. To choose all other officers which towns are by law required to choose in the months of March and April, annually.

ART. 5. To revise the Jury List.

ART. 6. To choose a Committee on Appropriations, as required by Sect. 4, Art. 1, By-Laws.

ART. 7. To choose an Appraisement Committee of three, as required by Sect. 5, Art. 1, By-Laws.

ART. 8. To see what action the Town will take in relation to charging interest or making a discount on taxes assessed the ensuing year.

ART. 9. To make appropriations and raise such sums of money as may be necessary to defray Town charges for the ensuing year.

ART. 10. To see what action the Town will take in the matter of fixing the compensation of any or all Town Officers, and to make an appropriation for the same.

ART. 11. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to hire money and give notes of the Town for the same, for the following purposes :

First, For the purpose of paying notes coming due the present year.

Second, For the purpose of paying notes not yet due.

Third, To hire money temporarily, not exceeding one year, in anticipation of the taxes of the year 1894, to be paid from said taxes.

ART. 12. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to hire money of the Sinking Fund Commissioners, and give notes of the Town for the same, for the purpose of funding the Town debt.

ART. 13. To see what action the Town will take in regard to naming the schoolhouse in process of construction on Essex Street, Clifftondale.

ART. 14. To see if the Town will make an appropriation for Police service.

ART. 15. To see if the Town will make an appropriation for the observance of Memorial Day.

ART. 16. To see if the Town will make an appropriation for the purpose of laying out and grading avenues in the Cemetery.

ART. 17. To see if the Town will appropriate the money received from the County of Essex, on account of the Dog Tax for the year 1893, and in addition thereto the sum of four hundred dollars, for the purchase of books and for the current expenses of the Saugus Free Public Library, the same to be expended under the direction of the Library Trustees; or what action the Town will take in the matter.

ART. 18. To see what action the Town will take in regard to amending Art. 1, Section 4, of the By-Laws, so that the Chairman of the Water Commissioners shall become a member of the Committee on Appropriations.

ART. 19. To see if the Town will vote to carry the school children from Lynnhurst and vicinity to the East Saugus schools, and appropriate the sum of three hundred and fifty dollars for this conveyance.

ART. 20. To see if the Town will authorize and instruct the Selectmen to petition the Legislature for authority to incur indebtedness for the purpose of erecting School Buildings, to an amount not exceeding seventy-five thousand dollars beyond the limit of indebtedness fixed by law for said town, and for authority to issue, from time to time, bonds, notes or scrip therefor, payable in periods not exceeding twenty or twenty-five years from date of issue, with suitable sinking fund provisions.

ART. 21. To see if the Town will authorize the School Committee to hire a Superintendent of Schools, or join with some other town in employing one, and make an appropriation therefor.

ART. 22. To see if the Town will appoint a Committee of five to look into the matter of having a better water supply from the City of Lynn, and report at a future meeting, or what action the Town will take in the matter.

ART. 23. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to make a Water Loan of ten thousand dollars (\$10,000), or what action the Town will take in the matter.

ART. 24. To see if the Town will appoint a Committee to investigate the subject of building a new school building in Ward 2 (two), with authority to examine plans and obtain the estimated cost of such a building as they may deem suitable, to consider the question of a proper site and its cost, and to report its findings and recommendations to the Town as soon as practicable.

ART. 25. To see if the Town will define the street lines at the old "Schoolhouse Lot," at and near the westerly corner of Lincoln Avenue and Winter Street, at East Saugus, and will release to Samuel B. Hussey and to Penn Varney, the present owners of said lot, all land and all the Town's interest in any land lying within or westerly of the present line of the street, as per present wall, and take from them a release, or releases, of all land outside of or easterly of the same street lines; or to see what action the Town will take in the matter.

ART. 26. To see if the Town will appropriate the sum of three hundred dollars, to be expended on that portion of Hesper Street and "Twin-Springs Road" (so called), lying between the Charles Howard estate and Atherton Street.

ART. 27. To see if the Town will make an appropriation for a Survey of the Town and Plans for the Assessors, and for Searching the Records, etc.

ART. 28. To see if the Town will accept Chap. 264 of the Acts of the year 1888, referring to Precinct Voting.

ART. 29. To see what action the Town will take in relation to the straightening of Winter Street and making an appropriation therefor.

ART. 30. To see what action the Town will take in relation to street lighting, and make an appropriation therefor.

ART. 31. To see if the Town will accept of Woodbury Avenue, from Foster Street to the Saugus River, as per plans filed with the Town Clerk, and as recommended by the Selectmen.

ART. 32. To see if the Town will vote to revoke its action at the annual meeting of March 13, 1893, relating to the election of the Selectmen, and vote to accept Chap. 255 of the Acts of 1878, whereby the members are elected for one, two and three years.

ART. 33. To see if the Town will vote to amend Section 4 of Article 1, of the Town By-Laws, so that it shall read as follows:

“After the closing of the polls, all articles in the Warrant which refer to the appropriation or expenditure of money shall be referred to a Committee of five legal voters in the Town, which shall be chosen at the meeting. Each of the five Wards in the Town shall be represented on the Committee, and no person shall be chosen who holds any other office in the Town. Said Committee shall take all such articles under consideration, and report their recommendations on them at an adjourned meeting, to be held one week from the time of annual meeting.”

ART. 34. To see if the Town will vote to recompense Thomas Parkins, for damages done him by raising the grade of the sidewalk on Central Street, or what action the Town will take in the matter.

ART. 35. To see if the Town will vote to petition the Massachusetts Highway Commissioners to acquire the Lynn and Boston Turnpike as a State road, as provided by Sect. 7, Chap. 476, Acts of 1893.

ART. 36. To see if the Town will make an appropriation

for the straightening of Howard Street, as laid out by the County Commissioners.

ART. 37. To see if the Town will make an appropriation to cover insurance on Town buildings.

ART. 38. To see if the Town will make an appropriation for repairs on Town Hall and other Town buildings.

ART. 39. To see if the Town will make an appropriation for the Board of Health.

ART. 40. To see if the Town will make an appropriation to purchase a safe for the use of the Town Clerk.

The Polls will open at six o'clock A. M. and will close at four-thirty P. M.

And you are directed to serve this Warrant, by posting up attested copies at the usual places, seven days at least before the time of holding said meeting, and to distribute copies, as provided by the By-Laws, at least four days before.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting.

Given under our hands this twenty-fourth day of February, A. D. eighteen hundred and ninety-four.

EDWARD BREWER,
MARION V. PUTNAM,
CHARLES FLORENCE,
Selectmen of Saugus.

A true copy. Attest:

CHARLES F. CLARK, *Constable.*

SAUGUS, March 12, 1894.

Pliney I. Abbott, Charles W. Bailey, William D. Boardman, John Brierly, Benj. F. Calley, Nathan K. Cross, John F. Dodge, Walter S. Dodge, Charles W. Dearborn, Charles F. Fife, George Faulkner, Alpheus M. Forristall, John E. Foze, Frederic W. Feakins, Levi G. Hawkes, John W. Hitchings, William F. Hitchings, Joseph M. Hall, Noah G. Harriman, James R. Hatch, Charles S. Hitchings, Hezekiah A. Hall, Alfred C. Hill, Luther K. Haskell, Byron S. Hone, George B. Litchfield, George A. Learoyd, Henry W. Mansfield, Charles H. Mansfield, James M. Maxwell, Chris. C. Merrithew, Elmer B. Newhall, Jona. A. Newhall, Elliott Newhall, Harrison Nourse, Cyrus W. Oliver, George Oliver,

J. Wesley Paul, Shephard Peirce, Herbert O. Pratt, Charles W. Raddin, James W. Rea, James A. Smith, Orrin T. Stocker, Charles E. Tobey, George A. Valpey, Joseph Whitehead.

ART. 7.—*Voted*, That the Selectmen serve as an Appraisement Committee.

ART. 8.—*Voted*, That interest at the rate of seven per cent per annum be collected on all taxes assessed for the year 1894 and unpaid on Oct. 1, 1894. And that a discount of 3 per cent be allowed on all taxes paid before Oct. 1, 1894, assessed in 1894.

Voted, To adjourn till Monday, March 19, at 8 o'clock p. m.

SAUGUS, March 19, 1894.

Met as per adjournment, Moderator in the chair.

Voted, To accept the report of the Finance Committee.

Voted, To take up each Article separately.

ART. 9.—*Voted*, That the sums following be and are hereby appropriated for the purpose of defraying the expenses of the Town of Saugus for the financial year beginning Jan. 1, 1894, and ending Dec. 31, 1894, namely: For Schools, \$11,500; Selectmen's Incidentals, \$4,500; Overseers of the Poor, \$4,000; Water Loan, Principal, \$2,500; School House Loan, Principal, \$2,150; Electric Fire Alarm, \$500; Interest, \$7,250; Salem Turnpike, \$1,000; Sinking Fund, \$1,450; State and Military Aid, \$1,400; Highways and Bridges, \$3,000; Fire Department, \$1,000. And that all money in the Treasury shall be subject to the Orders of the Selectmen and Overseers of the Poor and to the payment of the State and County taxes, notes and interest thereon by the Treasurer.

ART. 10.—*Voted*, To appropriate \$2,255 for Salaries the ensuing year as follows, viz.: Town Clerk, \$75; Selectmen, \$350; Treasurer, \$350; School Committee, \$250; Auditor, \$100; Overseers of the Poor, \$200; Water Commissioners, \$150; Superintendent of Streets, \$100; Board of Health, \$75; Engineers of Fire Department, \$150; Constable, \$30; Assessors, \$425.

ART. 11.—*Voted*, That the Treasurer, with the approval of the Selectmen, be and is hereby authorized to hire money

and give notes of the Town for the same for the following purposes: First, for the purpose of paying notes coming due the present year; second, for the purpose of paying notes not yet due; third, to hire money temporarily, not exceeding one year, in anticipation of the taxes of the year 1894, to be paid from said taxes.

ART. 12.—*Voted*, That the Treasurer, with the approval of the Selectmen, be and is hereby authorized to hire money of the Sinking Fund Commissioners and give notes of the Town for the same, for the purpose of funding the town debt.

ART. 13.—*Voted*, That the School Building now in process of construction in Clifftondale be called the Clifftondale School, and that the Committee having in charge the construction of said building be instructed to cause said name to appear on said building in a conspicuous place. Mr. Charles F. Fife made a motion to reconsider the last vote, which was not adopted.

ART. 14.—*Voted*, That the sum of \$500 be and is hereby appropriated for Police service, together with the receipts for Police service furnished by the Town.

Voted, To adjourn this meeting till Monday, March 26, at 8 o'clock P. M.

SAUGUS, March 26, 1894.

Met as per adjournment, Moderator in the chair.

ART. 15.—*Voted*, That the sum of \$125 be and is hereby appropriated for the observance of Memorial Day.

ART. 16.—*Voted*, That the sum of \$500 be and is hereby appropriated for the purpose of laying out and grading avenues in the Cemetery.

ART. 17.—*Voted*, That the sum of \$200 and the Dog Tax of 1893 be appropriated for the Saugus Public Library during the coming year.

ART. 18.—*Voted*, To indefinitely postpone Article 18.

ART. 19.—*Voted*, That the sum of \$350 be appropriated for the conveyance of the children of Lynnhurst and vicinity to the East Saugus Schools.

ART. 20.—*Voted*, To indefinitely postpone Article 20.

ART. 21.—*Voted*, That the sum of \$1,000 be and is hereby appropriated for the purpose of employing a Superintendent of Schools.

ART. 22. — *Voted*, To appoint a Committee of five, to consist of the Water Commissioners and William E. Houghton and William W. Lowe, to look into the matter of having a better supply of Water from the City of Lynn and report at a future meeting.

ART. 23. — *Voted*, That the Treasurer, with the approval of the Selectmen, be and is hereby authorized to make two Water Loans of \$5,000 for the use of the Water Commissioners in extending services. (226 voting Yes and 16 No.)

ART. 24. — *Voted*, That a Committee of seven be appointed to investigate the subject of building a new School Building in Ward 2, to consist of the School Committee and James R. Hughes, George Parsons, Benjamin F. Sanborn and William F. Hitchings, to report at a future meeting.

ART. 25. — *Voted*, That Article 25 be left in the hands of the Selectmen and they be authorized to settle the matter as they deem best for the interest of the Town.

ART. 26. — *Voted*, That the Town of Saugus appropriate the sum of \$300 to be expended upon Hesper Street and Twin Springs Road (so called) lying between the Charles Howard estate and Atherton Street.

ART. 27. — *Voted*, That \$50 be and is hereby appropriated for searching the records and for plans for the use of the Assessors.

ART. 28. — *Voted*, To indefinitely postpone Article 28.

ART. 29. — *Voted*, That the sum of \$745 be and is hereby appropriated for the purpose of straightening Winter Street and completing the Cemetery wall, the same to be expended under the direction of the Selectmen, and that none but town people be employed on the work.

ART. 30. — *Voted*, That the sum of \$3,800 be and is hereby appropriated for the purpose of lighting the streets, and that the same be expended under the direction of the Selectmen.

ART. 31. — *Voted*, To accept Woodbury Avenue as recommended by the Selectmen, as follows: Beginning at Woodbury Avenue by Foster Street, thence running with a magnetic bearing of South 88° 30' East by land of Stephen Stackpole two hundred and four feet and by land of Samuel Watson three hundred and fifty-eight feet to the Marsh land bordering on Saugus River, thence on the same course five hundred and four

feet across the Marsh to the Saugus River. The Southerly line is parallel to and fifty feet distant from the above described line, and runs from Foster Street five hundred and sixty-nine feet to the Marsh, thence across the Marsh one hundred and thirty-nine feet to the Saugus River, thence across a bend of the river one hundred and thirteen feet and thence across the Marsh two hundred and ninety-nine feet to the Saugus River.

ART. 32.—*Voted*, To indefinitely postpone Article 32.

ART. 33.—*Voted*, To amend Section 4 of Article 1 of the By-Laws so as to read as follows: “After the closing of the Polls all articles in the Warrant which refer to appropriations or expenditures of money shall be referred to a Committee of five legal voters in the town which shall be chosen at the meeting. Each of the five wards in the town shall be represented on the Committee, and no person shall be chosen who holds any other office in the town. Said Committee shall take all such articles under consideration and report their recommendations on them at an adjourned meeting to be held one week from the time of annual meeting.” (Approved, April 18, 1894, by Judge Hammond.)

ART. 35.—*Voted*, That the Selectmen be instructed to petition the Massachusetts Highway Commissioners to acquire the Lynn and Boston Turnpike as a State Road as provided by Section 7, Chapter 476, Acts of 1893.

ART. 34.—*Voted*, That the sum of \$100 be and is hereby appropriated to satisfy in full all damages done by raising the grade in front of land of Thomas Parkins on Central Street.

ART. 36.—*Voted*, That the sum of \$1,500 be and is hereby appropriated for the purpose of straightening Howard Street at Penney’s Corner as laid out by the County Commissioners, the same to be expended under the direction of the Selectmen, and that the work be by citizens of the town as far as possible.

ART. 37.—*Voted*, That the sum of \$1,000 be and is hereby appropriated for placing Insurance on Town Buildings.

ART. 38.—*Voted*, That the sum of \$1,000 be and is hereby appropriated for repairs on Town Buildings, \$400 to be expended on Town Farm and \$600 to be expended by the Selectmen as they see fit.

ART. 39.—*Voted*, That the sum of \$50 be and is hereby appropriated for the use of the Board of Health should the same be needed in their department.

ART. 40. — *Voted*, To refer Article 40 to the Selectmen.
Voted, To dissolve the meeting.

A true Copy of Record. Attest:

WILLIAM H. NEWHALL,
Town Clerk.

MAJORITY REPORT OF THE COMMITTEE ON
THE ANNEXATION OF THE TOWN OF
SAUGUS TO THE CITY OF LYNN.

Your committee, having investigated the matter of Annexation of our Town to the City of Lynn, would report as follows: —

After some preliminary work a conference was held with a Committee representing the City Government of Lynn. At this conference there was an informal exchange of ideas as to the advantages and disadvantages which would result from this union.

It was ascertained that if we became a part of the City of Lynn we would naturally have some advantages in police service, fire protection, schools, etc., yet the only definite thing we could be sure of would be our representation in the City Government, which would be fixed by a Legislative act permitting the annexation.

After investigating the matter of schools, roads, fire department, mails, police service, license, public library and finance; we believe that, while at some future time it may be advisable to annex this town to Lynn, or some other large city, yet the advantages to be obtained are so uncertain that we cannot as a Committee recommend the annexation of Saugus to the City of Lynn at present.

M. B. FAXON,
PERCY M. WILSON,
THOMAS P. PARSONS,
Annexation Committee.

MINORITY REPORT OF THE COMMITTEE ON THE ANNEXATION OF THE TOWN OF SAUGUS TO THE CITY OF LYNN.

Your Committee, having had numerous meetings, and after a good deal of investigation, and also a conference with the Committee of Annexation appointed by the City of Lynn, offer the following report:—

While the Committee appointed from Lynn could not guarantee anything, they gave us their ideas of what this town could gain in the way of representation, and other advantages, by annexation. They thought that each of the large Wards would be entitled to two (2) Councilmen, and the two small Wards together one (1) Councilman — with the possibility of each Ward having one (1). The town would certainly get one (1) Alderman, and possibly two (2); but more likely two (2) in connection with Ward 7 of Lynn.

Through the representation that we would have, they thought there would be no trouble about having a very much better Fire Department than we now have. We would undoubtedly have one fire engine, and ladder trucks in each of the large Wards, with two (2) permanent men in each hose house, and horses to haul the apparatus.

In the Police Department, we would undoubtedly have at least one (1) officer on duty every hour in the twenty-four, in each of the large Wards. Then there would be a free delivery of mail, and also a collection of garbage twice a week; and there is some plan about to be consummated in Lynn, for the distribution over the City of books belonging to the Public Library.

Then in the matter of schools, there is no doubt but what there would be a great improvement, as all our schools would be raised to the same grade as those of Lynn, and be under the control of an efficient Superintendent. The cost for each scholar in the Lynn schools is \$15.14, as against the cost of \$19.00 in our town.

In regard to the matter of License or No License, under license in the City of Lynn there is one (1) saloon granted to

every one thousand (1000) inhabitants, as in our town ; and it has been the custom in Lynn where the majority of the voters of the outlying Wards have not wanted saloons — even when the City had voted for License — on their representing such to be the case, the Aldermen have not granted any ; and in the last year of License in Lynn, Wards 1, 2 and 7 have had no saloons, and Ward 3 had only two (2).

In addition to the above advantages, the City of Lynn would extend its public park, taking in a great many acres of our territory, in the northern part of the town, improving and beautifying it to the advantage and pleasure of our citizens ; and they would also take care of and improve our public squares.

As our town has water through its principal streets, and a very large proportion of the houses use the street water, it will only be a very short time before we will of necessity have to have a sewerage system. Now, while this would be a very small item to the City of Lynn, it would be a very heavy expense for a town of our valuation, taking the area of territory that would have to be drained into consideration.

The tax rate of Lynn for the last year was \$15.40, and that as against \$18.50 in our town ; and in the judgment of your Committee, while the valuation of land in Saugus is probably less than that of Lynn, the valuation of buildings is much higher ; and it is the custom of the Assessors of the City of Lynn, to only assess upon 80 per cent valuation of property.

Considering the advantages above enumerated, and seeing nothing on the other side to offset these great advantages, it is the opinion of a minority of your Committee that it is only a question of time when this town should be annexed to Lynn ; and we leave it for the town's consideration as to when the town shall take action, looking to this end.

ARTHUR B. SMITH,
Annexation Committee.

March 12, 1894.

SPECIAL TOWN MEETING.

ESSEX, ss.

To Chas. F. Clark, Constable of the Town of Saugus,

GREETING :

In the name of the Commonwealth of Massachusetts, you are required to notify and warn the inhabitants of the Town of Saugus, qualified to vote in Town affairs, to meet at the Town Hall, Saugus, on Wednesday, the eleventh day of April, A. D. 1894, at 8 o'clock P. M., to act on the following articles, viz. : —

- ART. 1. To choose a Moderator for said meeting.
- ART. 2. To see if the Town will make an appropriation for Police service, or what action the Town will take in the matter.
- ART. 3. To see if the Town will make an appropriation for Highways and Bridges.

And you are directed to serve this Warrant, by posting attested copies at the usual places, seven days at least before the time of holding said meeting, and distribute copies, as provided by the By-Laws, at least four days before.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting.

Given under our hands this thirtieth day of March, A. D. eighteen hundred and ninety-four.

EDWARD BREWER,
MARION V. PUTNAM,
CHARLES FLORENCE,
Selectmen of Saugus.

A true copy. Attest:

CHARLES F. CLARK, *Constable.*

SAUGUS, April 11, 1894.

Pursuant to the foregoing Warrant the inhabitants of the Town qualified to vote in Town affairs met at 8 o'clock P. M. and voted as follows, viz. : —

ART. 1. — Chose Thomas P. Parsons Moderator.

ART. 2. — *Voted*, To indefinitely postpone.

ART. 3. — *Voted*, To indefinitely postpone.

SPECIAL TOWN MEETING.

ESSEX, ss.

To Chas. F. Clark, Constable of the Town of Saugus,

GREETING :

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Saugus, qualified to vote in Town affairs, to meet at the Town Hall, Saugus, on Wednesday evening, the fifth day of December, A. D. 1894, at 8 o'clock p. m., then and there to act on the following articles, viz. :

ART. 1. To choose a moderator to preside at said meeting.

ART. 2. To hear and act on report of Committees.

ART. 3. To see if the Town will vote to build a new School Building in Ward Two, as recommended by the Committee reporting under Article 2, and make an appropriation therefor.

ART. 4. To see if the Town will choose a Committee to build a new Schoolhouse Building in Ward Two, with full authority to buy land for a site, and to sell, or exchange, in part payment for such purchase, a piece of land on the east side of the "Old Town Hall," as recommended in report of the Committee appointed, at the last Annual Town Meeting, to investigate the building of a School Building in Ward Two, to make contracts, and to do all other acts necessary to build, furnish and complete the same.

ART. 5. To see if the Town will authorize and instruct the Selectmen to petition the Legislature for authority to incur indebtedness for the purpose of erecting School Buildings to an amount not exceeding forty thousand dollars beyond the limit of indebtedness fixed by law for said town, and for authority to issue, from time to time, bonds, notes or script therefor, payable in periods not exceeding twenty or twenty-five years from date of issue, with suitable Sinking Fund provisions.

ART. 6. To see if the Town will appropriate a sum not exceeding six hundred dollars (\$600) for school expenses, to be expended by the School Committee.

ART. 7. To see if the Town will make an appropriation for repairs on the Schoolhouse in Ward One.

ART. 8. To see if the Town will appropriate the sum of six hundred dollars for furnishing rooms and grading lot at the new Schoolhouse at Cliftondale.

ART. 9. To see if the Town will appropriate the sum of one thousand dollars, to cover the amount overrun in appropriation for Howard Street, as required by the County Commissioners.

ART. 10. To see if the Town will appropriate the sum of three hundred and ninety dollars to pay for Safe purchased for use of Town Clerk, as provided by the statutes.

ART. 11. To see if the Town will vote to place two or more Arc Lights on Adams Avenue, and make an appropriation therefor.

And you are hereby directed to serve this Warrant, by posting attested copies of the same in the usual places in said Town, seven days at least before the time of holding said meeting, also leaving a printed copy at the several dwellings at least four days before said meeting.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk at the time and place of said meeting.

Given under our hand and seal this nineteenth day of November, A. D. eighteen hundred and ninety-four.

EDWARD BREWER,
MARION V. PUTNAM,
CHARLES FLORENCE,
Selectmen of Saugus.

A true Copy. Attest:

CHARLES F. CLARK, *Constable.*

SAUGUS, December 5, 1894.

Pursuant to the foregoing Warrant the inhabitants of the Town qualified to vote in town affairs met and voted as follows, namely: —

ART. 1. — Chose Thomas P. Parsons Moderator.

ART. 2. — *Voted*, To accept the report of the Committee on building a Schoolhouse in Ward Two.

ART. 3. — *Voted*, That the Town build a new School Building in Ward Two, buy a site and make such alterations as recommended by the Committee appointed at the last annual Town Meeting to investigate the building of a School Building in Ward Two, and that the sum of thirty-seven thousand dollars be and is hereby appropriated, by Loan or otherwise, for the building of the same. Provided the State Legislature grant the Town authority to incur such indebtedness. (108 voting in favor, and 44 against.)

ART. 4. — *Voted*, That the Town choose a Committee of three to build a School Building in Ward Two, with full authority to buy land for a site, to sell or exchange in part payment for such purchase a parcel of land on the east side of the "Old Town Hall," as recommended by the Committee appointed at the last Annual Town Meeting to investigate the building of a School Building in Ward Two, to make contracts and do all other acts necessary to the building, furnishing and completion of the same. Provided, however, that no action shall be taken by the Committee until the Legislature authorizes the Town to make the Loan called for in the vote passed under Article 3.

Voted, That George Parsons, James R. Hughes and Levi G. Hawkes constitute said Committee.

ART. 5. — *Voted*, To authorize and instruct the Selectmen to petition the Legislature for authority to incur indebtedness for the purpose of erecting School Buildings to an amount not exceeding forty thousand dollars beyond the limit of indebtedness fixed by law for said town, and for authority to issue from time to time bonds, notes or script therefor, payable in periods not exceeding twenty or twenty-five years from date of issue, with suitable Sinking Fund provisions.

ART. 6. — *Voted*, That the sum of six hundred dollars be appropriated for School expenditures, to be expended by the School Committee agreeable to Article 6.

ART. 7. — *Voted*, That the sum of one hundred dollars be and is hereby appropriated to make needed repairs on Schoolhouse in Ward One.

ART. 8. — *Voted*, That the sum of six hundred dollars be and is hereby appropriated to pay for furnishing new Schoolhouse at Cliftondale and grading the lot.

ART. 9. — *Voted*, That the sum of one thousand dollars be and is hereby appropriated to pay for repairs and rebuilding Howard Street as directed by the County Commissioners.

ART. 10. — *Voted*, That the sum of three hundred and ninety dollars be and is hereby appropriated to pay for the Safe purchased for the use of the Town Clerk.

ART. 11. — *Voted*, To indefinitely postpone Article 11.

Voted, To dissolve the meeting.

A true Copy of Record. Attest:

WILLIAM H. NEWHALL,
Town Clerk.

REPORT OF COMMITTEE ON ERECTION OF SCHOOL BUILDING IN WARD TWO.

The Committee appointed to investigate the subject of building a new school building in Ward Two, with authority to examine plans and obtain the estimated cost of such a building as they may deem suitable, to consider the question of a proper site and its cost, and report its findings and recommendations to the Town, as soon as practical, respectfully present the following as their report:—

The Committee organized with a choice of Mr. George Parsons as Chairman, and Mr. J. R. Hughes, Secretary.

The School Committee were conferred with, as to what accommodations were necessary; they explained the needs of the Schools, and said it would be necessary to build an eight-room building, with accommodations for High, Grammar and Intermediate Schools.

The Committee also conferred with the State Inspector, as to what was necessary for ventilation, heating and construction. They have also looked into the matter of a proper site, the question of drainage, etc.; and have examined plans submitted by several Architects, with estimated cost.

We would recommend, as a suitable site, the present schoolhouse lot, with additional land in rear, extending to Taylor

Street; provided that the Town can exchange a certain adjoining lot in part payment; and that the exchange and price paid shall be satisfactory to a Committee appointed by the Town for that purpose. This lot, if acquired, will have a frontage on both Main and Taylor Streets; and the dimensions will be, approximately, 175 feet x 215 feet, containing about 37,625 square feet.

We would recommend the removal of the old Grammar School Building to the northwest corner of this lot, properly repairing, ventilating and heating the same.

We would recommend the disposal, by sale or otherwise, of the old Town Hall building.

We would recommend the extension of the present drain, recently put in for the Town Hall, to this lot.

We would recommend the construction of a two-story, brick building, the lower story to contain four school rooms, the upper story arranged for two school rooms, and accommodation for the High School, which could afterwards be used, if necessary, for two more schools.

We would recommend that a Committee be appointed, with power to purchase land, make contracts, employ Architects, and do any other business connected with or necessary to the construction of such a building, and that the Town make a suitable appropriation therefor.

As near as the Committee has been able to ascertain, the cost would be as follows: —

For the building, if built of brick	\$30,000.00
For land, if site proposed is used	1,000.00
For moving, repairing, heating and ventilating old school building	1,500.00
For continuation of drain	500.00
For architects' fees	1,500.00
For furniture	1,500.00
For grading	200.00
 Total	\$36,200.00

In order to raise the necessary funds, we would recommend that the Town petition the Legislature for permission to incur indebtedness to an amount not exceeding forty thousand dol-

lars (\$40,000.00), beyond the limit of indebtedness fixed by law, and for authority to issue bonds, notes or script therefor, payable in periods not exceeding twenty or twenty-five years from date of issue.

GEORGE PARSONS,
JAMES R. HUGHES,
BENJAMIN F. SANBORN,
THOMAS P. PARSONS,
HENRY J. MILLS,
W. F. HITCHINGS,

Committee.

WILLIAM H. NEWHALL,
Town Clerk.

SELECTMEN'S REPORT.

The Selectmen, although it is customary to make a review at this time, feel that the year 1894 and its work is more in the hands of the citizens than themselves and the results are simply a necessity from the action of the annual meeting.

Our highways are sadly out of repair ; but what can be expected with only about \$1,500 available for this work ?

Our Police service will probably compare with any other town which makes no appropriation for this department. The private contributions of some of our citizens, whereby one regular officer has been employed in the east part of the town, together with the work of our constable and state officers, have contributed to no small extent to order and safety, but we would not advise our people to depend on these sources too long.

Citizens have complained regarding our street lights, but we found most of the trouble was caused by the breaking of globes, etc., by boys or others. This has caused annoyance and expense.

The other departments will be found properly accounted for by the auditor.

In view of the change regarding the recommendations as to appropriations, this board feel they should not assume rights which might be claimed by others, and therefore out of courtesy to the new committee refrain from offering any views.

Respectfully,

EDWARD BREWER,
MARION V. PUTNAM,
CHARLES FLORENCE,
Selectmen.

Treasurer.

OVERSEERS OF THE POOR.

SAUGUS, MASS., Dec. 31, 1894.

The Board of Overseers of the Poor respectfully submits the following as its annual report for the year 1894:—

The whole amount of Orders drawn by the Overseers' Department amounts to \$4,878.11, as follows: For insane, \$1,848.82; for partial support of 88 persons, \$1,069.70; for Town Farm, \$1,740.72; building hen house and repairing other buildings, \$188.37; Town Physician, \$25.00; incidentals, \$5.50.

We have overdrawn our appropriation \$255.89, besides unpaid bills of about \$170.00, making in all about \$425.00.

Owing to the increase of insane persons in the insane institutions at our expense, which the last year has cost \$1,848.82, an increase of \$384.86 over the previous year, therefore we would recommend the sum of \$4,800.00 to meet the requirements of the Poor Department for the present year.

HERBERT O. PRATT,
GEORGE FAULKNER,
ANTHONY HATCH,
Overseers of the Poor.

REPORT OF SUPERINTENDENT OF STREETS.

I think there are but few people in Town who know that we have nearly fifty miles of highway within our limits to keep in repair. For 1894 the appropriation was three thousand dollars for our roads. One thousand dollars of that was spent for removing snow, leaving two thousand for street work, or about forty dollars for each mile. Our streets and gutters have been sadly neglected the past year for the want of money. I believe there is nothing that will build up a town so fast as good roads and schools. I don't expect that we can build our roads up to perfection in one year, or five, but let us do the very best we can and not allow them to go back and cost the Town twice as much as it would if they had been repaired at the proper time. *The money is not thrown away*; nearly every dollar is left right here among our own people, and it has done a vast amount of good.

The main roads between our several wards are in bad condition. Central Street, from Chester Parker's to Walnut Street, needs grading in many places. From Saugus Centre Depot to East Saugus there ought to be a great deal of work done, this being a heavy travelled road. The road from Kent's Hill, Clifftondale, to Trefethen's is in the worst condition of any main heavy travelled road in Town, and should be graded by all means. The water stands there for days after every rain.

I would recommend the sum of five thousand dollars for highways, and I think there should be a special appropriation for snow of one thousand dollars. That I think would cover the cost of handling snow one year with another.

J. L. EDMANDS,
Superintendent of Streets.

REPORT OF CHIEF OF POLICE.

I herewith present my report of Police Work done by the Department from Jan. 1, 1894, to May 1, at which time the Police Department was done away with as far as the town was concerned:—

Whole number of arrests made, 9. Offences as follows: For drunk, 5; cruelty to animals, 1; ringing a false alarm of fire, 1; for out of town officers, 1; lewd, lascivious and wanton, 1. They were disposed of as follows: Drunks released, 2; fined and paid, 2; turned over to State Board, 1; discharged, 3; turned over to out of town officers, 1.

Other work done by the Department: stray teams found and put up, 1; disturbances suppressed, 1; dogs shot, 2; lights furnished for dangerous places in street, 9; fires discovered and alarms given, 2; search warrants served for liquor, 1; lodgers put up for the night, 22.

In closing I wish to return thanks to the honorable Board of Selectmen, also to G. M. Amerige, Esq., Trial Justice, and to the officers, for services rendered in the four months of service.

Respectfully submitted,

FRANK W. JOY,

Chief of Police.

CONSTABLE'S REPORT.

Constable's Report for the year ending Dec. 31, 1894.

Whole number of arrests, fifteen, as follows: Drunks, 3; truancy, 1; cruelty to animals, 1; non-support of family, 1; assault and battery, 3; liquor nuisances, 4; larceny, 1; failing to answer summons in court, 1; whole number search warrants served from June 1 to December 31, 9; liquor found in eight places, 8.

CHARLES F. CLARK,
Constable.

CATTLE AND MILK INSPECTOR.

Report of Cattle and Milk Inspector for year ending Dec. 31, 1894.

Whole number of milk licenses granted, 43.

Licenses granted for slaughter houses, 2.

Whole number of cattle inspected in May and June, 584; free from disease excepting 2. Inspection in November and December of 641; also free from disease. Whole number of carcasses inspected, 34; found to be free from disease.

CHARLES F. CLARK,
Inspector.

REPORT OF BOARD OF HEALTH.

SAUGUS, Jan. 1, 1895.

The Board of Health respectfully submits its annual report for the year ending Dec. 31, 1894.

The Board was organized as follows:—

CHARLES F. CLARK, Chairman.

WILLIAM F. BELCHER, Secretary.

GEORGE W. GALE, M. D., Medical Director.

The regular meetings of the Board are held at the Town Hall on the first Monday of each month at 7.30 P. M.

The rules and regulations as amended by the previous Board were adopted.

At a special meeting of the Board held in the Town Hall April 24, a hearing was given to all parties interested in the tomb in the old Parish Burial Ground known as the David Taggard Tomb; all persons were present; we then proceeded according to law to close the same.

[Copy of notice closing same.]

SAUGUS, MASS., Apr. 24, 1894.

WHEREAS, The Board of Health of the Town of Saugus are of the opinion that the Tomb built within the old Parish Burial Ground in said Saugus by David Taggard, deceased, is a menace to the public health; and

WHEREAS, Said Board deem it necessary for the protection of the public health to close said tomb for the term of five years beginning May 1, 1894;

Now, therefore, it is voted by said Board of Health to close said tomb on May 1, 1894, and to keep the same closed for said term of five years; and to carry out said vote Joseph Newhall is hereby directed and ordered on said May 1, 1894, suitably and effectually to close up and seal said tomb.

(Signed) CHARLES F. CLARK,
WILLIAM F. BELCHER,
GEORGE W. GALE, M. D.

At the same meeting it was voted to close the Cemetery known as the old Parish Burial Ground.

[Copy of notice closing same.]

SAUGUS, MASS., Apr. 24, 1894.

WHEREAS, The Board of Health of the Town of Saugus consider the future use of the old Parish Burial Ground, owned by the First Congregational Parish or Society of Saugus, a menace to the public health; and

WHEREAS, Said Board deem it necessary for the protection of the public health to close the whole of said old Parish Burial Ground;

Now, therefore, it is ordered by said Board that for the term of five years, beginning May 1, 1894, no further interments shall be made either in the ground or in any of the tombs of said old Parish Burial Ground; and it is hereby voted to close the whole of said Burial Ground for said term of five years, and that the same shall not be used in any way as a burial ground during said term of five years.

(Signed) CHARLES F. CLARK,
WILLIAM F. BELCHER,
GEORGE W. GALE, M. D.

We have to report the following cases of contagious diseases recorded during the year: Diphtheria, 4; scarlet fever, 4; typhoid fever, 4. In one case of diphtheria, through a misunderstanding on account of three physicians having been called, the Board was not notified until too late, the patient being removed from Town. The usual precautions were taken. The patient died the same night. The child complained of being sick during a session and the school was closed and thoroughly fumigated before the scholars were allowed to return. No other deaths occurred in the above mentioned diseases.

The State Board have issued, subject to the approval of the local Board, fifteen licenses to maintain boarding houses for children, in accordance with the provisions of Chapter 318, Acts of 1892.

We have to report the following licenses granted: To keep

pigs, 19; undertakers, 3; burials, 1; to clean cesspools and vaults, 4.

We have refused to grant one license to haul swill.

A very large number of complaints have been made to the Board to abate nuisances in the Town. We have personally investigated each and every one, and in all cases where a nuisance was found they were ordered to abate the same, which has been done by every one ordered so to do. If the owners of premises would see to it that the cesspools and vaults are properly cleaned every year, it would have a tendency to keep contagious diseases from the occupants of the dwellings and add to the value of the property.

We would call the attention of the property owners and others to the following extract of the Public Statutes in regard to nuisances:—

CHAPTER 80, SECTION 18.

“ The Board of Health of a Town shall make such regulations as it judges necessary for the public health and safety, respecting nuisances, sources of filth, and causes of sickness within its town. Whoever violates any such regulation shall forfeit a sum not exceeding One Hundred Dollars.”

In accordance with the suggestion of the State Board of Health we submit the following rules in regard to preventing the spread of Consumption.

RULES TO PREVENT THE SPREAD OF CONSUMPTION.

Consumption is the most destructive disease of New England, the number of persons dying annually from this cause in Massachusetts amounting to nearly six thousand.

The disease is infectious, and can be communicated from one person to another. The chief danger exists in the expectoration of the sick, and if this expectoration is carefully destroyed little danger need be feared.

Consumptives should be instructed not to spit upon the floors of rooms, public halls, street and railway cars, and other vehicles, nor in the streets, but into pieces of cloth, or receptacles made for the purpose, containing water, or a saturated solution of carbolic acid (one part of carbolic acid crystals to about fifteen parts of water). Such bits of cloth should be destroyed by fire, before the sputa becomes dry, and other

receptacles should be cleaned with scalding water, their contents having been destroyed or otherwise carefully disposed of. Handkerchiefs which may have been used from necessity should be boiled half an hour before washing.

A healthy person should not sleep in the same room with a consumptive.

Remember that sputa must never be allowed to become dry.

CHARLES F. CLARK, *Chairman.*

WILLIAM F. BELCHER, *Secretary.*

GEORGE W. GALE, M. D., *Medical Director.*

REPORT OF WATER COMMISSIONERS.

Your Water Commissioners would make the following report, showing expenditure for extensions and repairs for year 1894.

The Board proposes to put the following Articles in Town Warrant for annual meeting in March and would submit them now for your consideration.

“To see what action the Town will take in regard to collection of extension guarantees.”

“To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to make a water loan of \$5,000 to be used by the Water Board for extension purposes.”

REPORT OF ENGINEERS OF FIRE DEPARTMENT.

Seventh annual report of the condition of the Department, with a list of fires and alarms which have occurred during the year; loss and insurance as near as can be ascertained; also recommendations for the ensuing year.

MEMBERSHIP.

The number of members is fifty-eight. Board of three engineers; two companies of 15 each, Hose 2 and 3; one company of 13, Hose 1; Ladder Company of 12.

APPARATUS.

The apparatus consists of 3 hose wagons, 6 Babcock chemical extinguishers and 3,400 feet hose—1,800 feet first-class, the balance ordinary—6 play pipes, 18 spanners, 18 hose hooks, 18 rubber coats, 18 fire hats, 3 axes, 3 crowbars, 3 plaster hooks, 6 lanterns, 3 hammers, 3 monkey wrenches, 6 ladder dogs, 3 jumping nets, 6 18-foot extension ladders, 3 blankets, 3 drag ropes. Wagons were built by Sawyer & Chase of Lynn; they are in first-class condition.

One ladder truck built by Rumsey & Co., New York, equipped with 1 45-foot extension Somerville ladder, 1 30-foot ladder, 1 25-foot ladder, 1 30-foot roof ladder, 2 20-foot roof ladders, 1 pull down hook, chain, pole and rope, 2 rakes, 3 pitchforks, 3 long hooks, 1 door opener, 2 axes, 1 crowbar, 2 sledge hammers, 4 crotch poles, 4 lanterns, pair blankets, 4 leather buckets, shafts pole and drag rope. We have a 45-foot Somerville extension and a 20-foot roof ladder in each of Hose 2 and 3 houses.

FIRE AND ALARMS.

Whole number, 19.

January 28.—Box 27. Storehouse of John W. Blodgett on Lincoln Ave., Ward 4. Loss on building, \$219; loss on contents, \$209; covered by insurance. Cause, overheated stove.

January 28.—Box 16. Dwelling of E. E. Gilman, Pleasant Street. No damage. Cause, breaking of lamp.

March 15.—Box 125. Dwelling owned by M. V. Hawkes and occupied by John I. Pierce. Caused by incubator.

April 3.—Box 26. Fire in woods, rear of Morton Ave.

April 3.—Box 124. Fire in woods, Broadway, Ward 3.

April 3.—Box 124. Fire in woods, Broadway, Ward 3.

April 7.—Box 21. Fire in woods, rear of Hose House No. 2.

June 6.—Box 18. Fire in woods, rear of Main St., Ward 2.

July 4.—Box 13. False.

July 5.—Box 16. Fire in Lily Pond Grove. No damage.

July 7.—Box 18. Fire in woods rear of Main St., Ward 2.

July 27.—Box 32. Dwelling on Hesper St., Twin Springs, owned by A. L. Howard and occupied by Mr. King. House total loss; value of house \$600, insurance \$600. Cause, defective chimney.

August 6.—Box 13. Stable of Eli Berrett, Central St., Ward 2. Loss on building \$25, insurance paid \$25; loss on contents \$7.38, paid \$7.38. Cause unknown.

August 12.—Box 14. Dwelling owned and occupied by Con Murphy. No loss. Cause, child with matches.

September 15.—Box 13. Fire in woods, near Oakland-
vale, Ward 5.

October 18.—Box 18. Woods rear of Main St., Ward 2.

Nov. 12.—Box 125. Stable of A. H. Hayden. No damage. Cause, sparks from locomotive.

December 2.—Box 23. Stable at Franklin Park owned by James O. Gray. Loss \$900, no insurance. Cause unknown.

December 27.—Box 127. Dwelling owned and occupied by James H. McWade. Loss total; insurance on house \$1,000, insurance on furniture \$700.

HYDRANTS.

Whole number, 128.

During the year we have had two fires where we had no water where we could use our apparatus—the dwelling at Twin Springs and the stable at Franklin Park. At the latter

fire we asked for assistance from Malden who responded with a steamer.

We would again call the attention of the citizens on the line of the Revere water pipe to the necessity of having hydrants on the line between Essex St. and the junction of Main St. and Broadway.

RECOMMENDATIONS.

We would recommend that a suitable bell be placed on the Bond Schoolhouse to be connected with the Fire Alarm, as the one to which we are attached is of no benefit.

We would recommend that the town make an appropriation to purchase harnesses for the department.

We would recommend the appropriation of \$1,500 for the expenses for 1895, as there are outstanding bills of \$250 or more to be paid.

COMPARATIVE FIGURES.

In closing our report we wish to call the attention of the citizens to the small appropriation made for the annual expense of the Department compared to the amounts appropriated by the surrounding towns. We give a few figures for your consideration:—

Melrose,	population 12,000,	annual appropriation,	\$6,360
Stoneham,	" 6,500,	"	4,500
Wakefield,	" 8,000,	"	3,200
Reading,	" 4,100,	"	2,550
Peabody,	" 10,200,	"	8,500
Marblehead,	" 8,000,	"	8,000
Swampscott,	" 4,700,	"	4,500
Nahant,	" 630,	"	1,800
Revere,	" 6,000,	"	6,500
Saugus,	" 4,200,	"	800

(These figures are the appropriations for 1894.)

Our town appropriated \$1,000, but \$200 is paid for the rent of Hose House at Clifftondale, leaving only \$800 for annual expenses. This covers expense of Fire Alarm, care of hydrants, also a large part of the expense of fires in woods.

The above figures are for the running expenses and do not include any bills for purchase of apparatus. In addition to the appropriation of the town of Peabody their horses are fed

and three permanent drivers paid out of the highway department, making the expense of their department over \$10,000.

Our Department is criticised for not making better time getting to fires; but if these parties will consider that we depend upon horses to draw our apparatus that are liable to be out of town or at least out of reach during a great part of the time, or that we have to spend at least fifteen minutes getting horses as in case of the fire December 27, we think you should either give us something better to work with, or else credit for what we do and less criticism for what *cannot* be done.

Respectfully submitted,

C. I. HITCHINGS,
Chief Engineer.

Board of Engineers.

C. I. HITCHINGS, Chief, East Saugus.

C. O. THOMPSON, Assistant and Clerk, Cliftondale.

JAMES F. PRATT, Assistant and Superintendent of
Fire Alarm, Saugus Centre.

FREE PUBLIC LIBRARY.

TRUSTEES' REPORT.

The past year has shown more clearly than ever before the growing interest of the citizens of Saugus in our Public Library. Although the circulation of books in 1893 showed a marked increase over preceding years, the record of the past year indicates a still further gain of about forty-four per cent over that of 1893.

This increase in the use of the Library is largely due to two causes. The free distribution of the catalogues and supplements then on hand greatly stimulated the circulation in the fall of 1893, and the issue of a third supplementary catalogue last spring, also free, tended to perpetuate and increase the interest excited the previous year. The free delivery of books in West Cliftondale, North Saugus and Oaklandvale, begun in the winter and early spring, has made the Library more accessible to the people of those sections, and consequently increased its circulation among them.

The extension of the free delivery system and the larger circulation has necessitated the employment of another assistant in the Library. While these changes, together with the printing of the supplementary catalogue, have resulted in an increase of the current expenses, it is gratifying to notice that the expenses *have not increased in proportion to the circulation*, as the cost per volume of each book delivered to borrowers is considerably less than in 1893.

With a diminished appropriation and increased expenses, the number of books purchased has, of necessity, been less than during the preceding year.

At the annual examination every book was accounted for, and, allowing for necessary wear, the Library was found to be in good condition. The Librarian's Report specifies how many books have been withdrawn, and for what causes..

We shall be glad to encourage in every reasonable way the increased use of the Library in connection with the public schools. Any teacher who wishes may receive a special card

entitling her to take a limited number of books on subjects connected with school work. While no definite rules have been adopted for the regulation of this privilege, the Librarian will furnish to teachers every facility which can be granted without interfering with the general circulation of the Library.

Books have been received this year from Charles H. Bond, Clarence Coates, Mrs. Augustus Davis and J. C. Houghton, Librarian of Lynn Public Library (catalogues of Lynn Library). Magazines have been contributed by E. S. Upham, W. M. Nye, Mary G. Thayer and Mrs. George Nevins. To each of these the Trustees express their hearty thanks. Our thanks are also due to the publishers of the Lynn *Item* for their uniformly prompt and correct publication of the lists of new books which have been added to the Library from time to time.

Upon the whole, we believe that the growth and practical advantages of the Public Library during the past year, have been all that could be expected. With the hearty financial support of our citizens, there should be no reason for fear concerning its future. Recognizing the necessity of economy in all departments of town business, we recommend the sum of \$300 and the Dog tax of 1894 as the *least* appropriation by which the Library can be successfully maintained during the coming year. As the money received from the Dog tax of 1894 is \$132.71 less than that received for 1893, it will be seen that the appropriation recommended above would be \$32.71 *less* than the total amount granted at the last Annual Town Meeting.

W. F. GILLETTE,
BENJAMIN F. CALLEY,
M. B. FAXON,
CHARLES E. WILSON,
Trustees of Public Library.

Total valuation of assessed estate, May 1, 1894, \$2,961,373 00
 Total valuation of assessed estate, May 1, 1893, 2,904,298 00

Showing a net increase of \$57,075 00

Divided as follows:—

On buildings	\$.69,625 00
On land	27,272 00
On personal property a loss of	39,822 00
<hr/>	
	\$57,075 00

BASIS OF TAXATION.

Amount of appropriations	\$.53,725 00
State tax	2,260 00
County tax	2,650 38
Overlay	1,361 74
<hr/>	
	\$59,997 12

Apportioned as follows:—

On real estate	\$.49,634 74
On personal estate	4,854 38
On polls	2,508 00
Town's income	3,000 00
<hr/>	
	\$59,997 12

Total tax for state, county and town purposes committed to
 A. Dudley Johnson, Collector, \$56,997.12.
 Rate of taxation per \$1,000, \$18.40.

We find in the report of Secretary of State the following statistics:

There were in the State on May 1, 1894, 779,968 hens, assessed as "fowl," valued at \$335,226. There were no returns received from Suffolk County, but Middlesex had 147,608.

Number of horses assessed was 193,433; cows, 182,477; neat cattle, 41,059; sheep, 44,608; swine, 35,603.

Number of dwelling houses was 394,187; acres of land, 4,502,585. Total value of assessed estate, real and personal, May 1, 1894, \$2,471,521,505, on which the taxes for state, county, city and town purposes were \$36,914,205.

The number of persons assessed increased 15,000 over the previous year. There was a decrease in personal property, in round numbers, of \$16,000,000; of this amount the town of Saugus furnishes nearly \$40,000.

The valuation of real estate shows an increase of \$43,000,000, making the total amount of real estate assessed in the Commonwealth, \$1,883,200,000. The average tax rate of towns and cities in the state for the year 1894 is \$14.80, and for the last thirty years has been \$14.77.

We would again call the attention of the citizens to what was said in the Assessors' report two years ago in reference to more convenient accommodations in the Assessors' apartments: "An extra room for the Assessors' use is very much needed, not only for their benefit but for the convenience of those having business with the Assessors, without being obliged to make a statement of their private affairs in presence of others as they are now obliged to do." We would therefore ask that the sum of \$75.00 be appropriated for said purpose.

The Assessors hereby recommend that the sum of \$425.00 be appropriated to meet the estimated expenses of their department for the year 1895.

BENJAMIN F. CALLEY,
GEORGE P. HAYWOOD,
BENJAMIN F. ROBINSON,

Assessors.

REPORT
OF THE
SCHOOL COMMITTEE

AND
Superintendent of Schools

TO THE
TOWN OF SAUGUS

For the Year Ending Dec. 31, 1894.

BOSTON:
THE PINKHAM PRESS,
289 CONGRESS ST.
1895.

SCHOOL COMMITTEE.

GEORGE L. BRIGGS	term expires 1895.
HENRY J. MILLS	term expires 1896.
THOMAS P. PARSONS	term expires 1897.

The Board meets in its rooms in the Town Hall, the first Monday of each month at 7.30 P. M.

SUPERINTENDENT OF SCHOOLS.

C. E. STEVENS.

The Superintendent may be found at his office in the Town Hall building on Mondays and Thursdays from 4 to 5 P. M.

CALENDAR, 1895.

WINTER TERM (10 weeks), January 7—March 15.

SPRING TERM (12 weeks), April 1—June 21.

FALL TERM (16 weeks), September 2—December 20.

Recess Thursday and Friday of Thanksgiving Week.

Winter term opens January 6, 1896.

The winter term and the spring term of the High School will close one week later than is indicated above.

SCHOOL STATISTICS.

The census of children, in town, between the ages of 5 and 15, taken by E. H. Newhall, May 1, 1894.

		Between 5 and 15	Between 8 and 14	Between 5 and 8

	<hr/> \$12,243 37

REPORT OF SCHOOL COMMITTEE.

In presenting our report for the past year, we desire to call your attention to the large increase in the number of children in our Town, during the past five years. According to the school census, taken May 1, 1889, the number of children in Town, between the ages of 5 and 15, was 628, while on May 1, 1894, it was 780, showing an increase of 152, or $24\frac{2}{10}$ per cent.

The average attendance during the year, according to the report for the year 1889, was 492, while the average during the month of November, 1894, was 706, showing an increase of 214, or $43\frac{5}{10}$ per cent. While Wards 1, 4 and 5 remained nearly the same during the above period, Wards 2 and 3 show the following increase:—

Ward 2.

Average attendance during year 1889	147
“ “ “ November, 1894	219
Increase 72, or 49 per cent.	

Ward 3, including Essex Street.

Average attendance during year 1889	152
“ “ “ November, 1894	285
Increase 133, or $87\frac{1}{2}$ per cent.	

High School.

Average attendance during year 1889	32
“ “ “ November, 1894	47
Increase 15, or $45\frac{9}{10}$ per cent.	

How to provide for this fast growing school population is a problem which, we believe, can only be solved by building additional school accommodations.

Since our last report the new school building in Clifondale has been completed and was occupied at the commencement of the fall term. We had hoped that this building would provide school room enough for this part of the town for some time to come, and that it would only be necessary to use two

of the rooms; but at the opening of the fall term we found the schools so overcrowded, especially at the Essex Street School, that we were obliged to form a new one. This was done by transferring the first class from the two Intermediate Schools, and so changing the district line, as regards the Essex Street School, that all children living east of the Boston & Maine Railroad should attend the Clifftondale Schools instead of the Essex Street.

This leaves only one room for future growth, and should it continue in the same ratio as shown by the above statistics, it will be but a short time before additional accommodations must be provided.

As we shall be obliged to continue to use the old building, which, at present, is very poorly heated and ventilated, we think some steps should be at once taken to remedy these defects, in order that it may conform to the State requirements.

The overcrowded condition of the schools in Ward 2 calls for immediate relief. The two Primary Schools are each too large for one teacher and should, together, be divided into three schools, but this cannot be done until we have additional accommodations. The ventilation and heating arrangements are very poor and totally inadequate. The only means of ventilation is by the doors and windows, while the heating, which is by stoves, keeps some of the pupils too warm while those in the back part of the room are frequently compelled to wear wraps.

We think if parents would call on the schools, when they are in session, they would be convinced that a complete change is needed in these particulars and that more room should be provided at once.

The High School is very much in need of more room. As shown by the statistics given above, the school has grown fast, but we believe the increase will be more rapid in the future. The membership at the present time is 51; the graduating class numbers 15, while there will probably be 35 admitted from the Grammar Schools, thus giving the school a probable membership of 71 when the new school year begins in September, 1895. As the schoolroom has a seating capacity of only 54 we see no way to accommodate any above this number.

who may be entitled to enter. We very much desire to make a four years' course in this school, believing it will be a great benefit to it, but we cannot do so until more room is provided.

It was with much regret that we were obliged to ask the Town for an additional appropriation at the December meeting, but increased demands, not foreseen, together with the bills unpaid at the close of the financial year 1893, as shown in Town Report, made it necessary to do so.

After a careful estimate of the requirements for the ensuing year we do not see how the expenses can be met with an appropriation of less than \$12,000, and recommend and earnestly request that that sum be appropriated.

At the Annual March Meeting you authorized us, in connection with some other Town, to engage the services of a Superintendent. In accordance with this authority, we entered into negotiations with the School Committee of the Town of Stoneham, and arranged to unite with them, on the basis of each Town paying half of the salary and having half of the Superintendent's time. After careful consideration we engaged Mr. C. E. Stevens of West Springfield, Mass., at a salary of \$1,800 per year, and he entered upon his duties the latter part of May.

We believe this is the most advanced step the Town has ever taken in the interest of education. We feel confident that in Mr. Stevens we have a faithful and competent Superintendent and that his services will be of great value to our schools. The good results are already apparent, and if continued will very soon bring our schools to a high degree of proficiency. We embody with our report that of the Superintendent, which we believe will be read with a great deal of interest, and sincerely trust that the recommendations made therein may receive your careful consideration and approval.

Respectfully submitted,

THOMAS P. PARSONS,
GEORGE L. BRIGGS,
HENRY J. MILLS,

School Committee.

REPORT OF THE SUPERINTENDENT.

To the School Committee,

GENTLEMEN: I have the honor to present this, the first annual report of your first Superintendent of Schools.

As I have been with you only about half of the school year, my work thus far has necessarily been that of general management and studying the present condition and needs of the schools. Yet some aggressive work has been done. The course of study for the Primary grades has been carefully revised and a copy of the same furnished to each teacher. The course of study for the other grades has been modified in some particulars. These changes affect chiefly the work in Reading, Arithmetic and History.

Teachers' meetings have been held nearly every week since the beginning of the fall term. We had thirteen in all. Of these four were general meetings, three were of the Primary teachers, three of the Intermediate, and three of the Grammar school teachers. At these meetings we have considered methods of teaching and the course of study. The teachers have faithfully attended and freely taken part in the discussions. The good results of these meetings are clearly evident.

Teachers.—There is no more important consideration in connection with any system of schools than its corps of teachers. At the present time, the demands are so great upon those who would instruct our children, that a careful preparation is a necessary condition of success. School officials charged with the employment of teachers look for natural aptitude, good health, a mind well trained and disciplined, and above all refined manners and spotless character. Any person with these qualifications who has had a little successful experience will find no difficulty in securing good positions. Teachers who have begun their work without professional training may be able to supply this need if they have the other qualifications and are sufficiently industrious. But it is only by constant study that they can improve. It should be the

aim of all to teach better this year than last. The means of self improvement are within their reach. Teachers' meetings — local, state and county — are helpful. Visits to other schools are usually beneficial. Educational periodicals are abundant and can be enjoyed at small cost. Every teacher should read one or more regularly. Books treating of the science, art and history of education are abundant. Several are to be found in the public library and probably others will be added. Every teacher should own at least a half dozen of the best books on teaching. But other lines of study are necessary.

School is but one of the great educational agencies. Home and the various social influencies are very potent factors in child development. It is only when home, school and society are working in harmony that we can expect the best results. Thus it becomes necessary for the teacher to acquaint herself with the life of her pupils outside the schoolroom that she may deal with them understandingly. Teachers often treat pupils unjustly because of ignorance of their out-of-school life. Every true parent is only too anxious to coöperate with the teacher.

It is sometimes remarked that the young lady of limited education and no training or experience will "do" for a Primary School. This is certainly not true. The demands of the Primary School teacher are as great as of any. It is perhaps more difficult to find a teacher who can manage and teach the youngest children in the best way than it is to find a teacher for older pupils. Peculiar fitness is necessary. Little ones before they are able to read for themselves rely wholly upon the teacher for guidance and information. To perform this task successfully requires as broad scholarship, as careful training and as sincere sympathy with child nature as in any grade of our common schools.

The following changes have occurred in our teaching force during the year :

WITHDRAWALS.

- A. B. McKenney, North Saugus.
- Effie G. Osborne, Oaklandvale.
- Annie F. Esgate, East Saugus.
- Clara J. Calley, Cliftondale.

Emma L. Pearson, music teacher.
W. F. Gillette, High School.

ELECTIONS.

Estella J. Clark, North Saugus.
Elizabeth Hoar, Oaklandvaie.
Grace R. Neeley, East Saugus.
Edith Sandsbury, Clifondale.
Jean Belsher, music teacher.
Gertrude W. Groce, Centre.
F. E. Emrich, Jr., High School.

TRANSFERS.

Clara Trowbridge, Centre to Clifondale.

High School. — A good High School can only exist when the Grammar Schools are well graded, well disciplined and well taught. It is equally true that no town can long have good schools of the lower grades unless its High School is in a prosperous condition. Its reputation should be such that Grammar School pupils will look forward with pleasure to the enjoyment of its privileges.

At the present time our High School pupils are offered nothing more than a three years' course. This makes it necessary for all pupils who desire to enter higher institutions of learning to spend a year at least in some other High School. Can we not afford to put in a four years' course and make our school the equal of any in towns of our size? I would strongly urge a revision of and addition to the High School course of study. I may add that we intend to gradually raise the standard of admission to our High School and to extend the work of our Grammar Schools.

Mr. F. E. Emrich, Jr., the newly elected principal, comes to us well recommended. He is a college graduate of three years' experience in High School work.

Textbooks. — By an inventory taken in June it was ascertained that there were in the different schools 6,002 books. Of these 3,379 were in good condition and 1,304 were in fair condition and 1,319 were unfit for further use. Many of these last named have been collected and exchanged. In the interest of health and good habits we should not allow our children to use much-soiled and badly-worn books.

It was found that there was not a requisite amount of reading matter and quite an additional supply has been purchased. Our music charts have been in use a long time. These have been exchanged for new ones. A few additional histories and reference books have been procured.

Reading. — The use of the regular third, fourth and fifth readers has been largely discontinued. It is believed to be much more desirable for children to read books of real merit than those made up of uninteresting or worthless scraps. The best books in the English language are none too good for our pupils to read.

And there should be a generous supply. A good book having once been carefully and thoughtfully read should be laid aside and another taken up. Children will read. It is our duty to give them wholesome reading matter in abundance, for only in this way may we hope to protect them from the pernicious influence of vicious reading. If pupils before leaving school acquire a taste for good reading we may call them educated.

The new books for reading which we have thus far purchased are as follows: Longfellow's "Evangeline" and "Courtship of Miles Standish"; Scott's "Lady of the Lake"; Whittier's "Snow Bound"; Hawthorne's "Wonder Book" and "True Stories of New England"; Kingsley's "Water Babies"; Andersen's Fairy Tales; Scudder's Fables and Folk Stories; Grimm's Fairy Tales.

History. — The opinion seems to be quite generally held that history in the form of stories should be presented to children at an early age. An interest in the lives of eminent men, the manners and customs of different people and stories of adventure is very easily cultivated. To postpone the commencement of this subject until the Grammar School, is to deprive many children who leave school early of much valuable knowledge, of excellent training in patriotism, and of a love for historical reading. Children who have had a pleasant introduction to history in the lower grades will take up the formal study in the grammar grades with much greater interest and profit.

Our plan is to have, in the Primary Schools, stories selected and told by the teacher. This furnishes excellent material for

conversation lessons and affords valuable language training. In Grade Four a book of historical stories is to be read, and in Grade Five, Eggleston's small history of the United States is read and its contents are thoughtfully considered. In Grade Six, Montgomery's small history is used as the historical reader.

This reading is followed, in Grades Seven, Eight and Nine, by the more formal study of the larger textbooks. In the last year some study of civics is taken up. In these three years the topical method of study and recitation is used. In the preparation of their lessons pupils are expected to consult several books instead of memorizing one. History studied in this way is of great value. Pupils are led to seek causes and effects, to consider motives and to discover relations.

We have not now sufficient reference books for the best work, but the public library, by reason of special privileges given the teachers, in part supplies this need.

Arithmetic. — It is now commonly accepted by eminent educators that the course of study should be arranged in circles instead of sections. It seems to be unwise to confine multiplication and division to one grade, percentage to another, and weights and measures to a third. It has been found that children can deal with the elements of different subjects much earlier than was formerly supposed. The work from year to year should differ in degree of difficulty and not necessarily in subjects taken up. Thus fractions may be begun in the simplest way in the first year at school and the drill in their use is not wholly dropped during the school course. And so percentage may be begun orally in the third year of school and continued for several years before taking up the most difficult work.

With these considerations in view we have revised our course of study in arithmetic. We expect that in a few years the benefit of the change will be clearly apparent.

Music. — The work in this department is in charge of Miss Jean Belsher. Under her direction good work is being done. The regular teachers heartily coöperate with her in all her efforts, making it possible to secure the best results. We have recently exchanged our old music charts for new ones,

and it will be necessary soon to do the same with our old music books. Good material is necessary for good work.

In regard to her department Miss Belsher says:—

“ We are endeavoring to so present the work that children may learn to read music as intelligently and as independently as they read English, at the same time giving much attention to the æsthetic side of the subject. To secure independence in reading we are discouraging the prevalent idea of relying upon leaders, and, believing considerable individual work should be done, we are insisting upon as much as the limited amount of time given the subject allows. We are discarding the use of scale syllables, believing their use to be a crutch on which pupils rely too much, while their conception of the intervals is weakened. A soft, light, smooth tone is insisted upon in all singing, and we can report a decided improvement in this direction. We are glad to say that the work on the new charts is taken up with a zest which argues well for the year’s progress.”

Schoolhouses.—With the completion of the very excellent building at Cliftondale provision is made for all the school children of this ward. At the opening of the fall term the Primary School was divided, making two large schools, and, owing to the large increase of school population, another school was opened. And so three of the rooms in the new building are now occupied, and probably it may be necessary to use the fourth before the close of another year.

The Primary School in the East Saugus building is larger than ever before, there being over sixty pupils. Fortunately, there is an unoccupied room there, should it seem best to open another school.

At the centre of the town our pupils are not as well housed. The High School rooms are not as commodious as are necessary. The other schools occupy two two-room buildings, both poorly lighted, heated and ventilated, and a small second-story room temporarily hired for school use. In these five rooms we now have children enough for six schools. It is, therefore, very desirable that a building large enough to accommodate all the schools of the village, with a fair allowance for probable increase, should be erected at once.

It seems as though parents do not fully realize the importance of having our schoolrooms supplied with pure air properly heated. I fear that it does not occur to them with sufficient force that the health of their children will be seriously injured by breathing the vile air of poorly ventilated schoolrooms. I wonder if it has ever occurred to them that no small part of the sickness among children is traceable directly to the pernicious influence of impure air. I wonder if the parents in this town are aware that we have but two school buildings which are supplied with pure air. It is not only impossible to provide proper ventilation by means of doors and windows, but it is dangerous to health to attempt it. But this is the *only* way in nearly all our buildings.

If stoves are used for heating it is impossible to produce equality of temperature in all parts of the room. Those near the stove are too warm and those farthest away too cold. But stoves are used almost exclusively in our schools. The health of the children of Saugus is endangered. It is suicidal for them to breathe day by day the terribly vitiated schoolroom air. I trust that parents will not be satisfied until every schoolhouse in town is provided with suitable heating apparatus, adequate means of ventilation and wholesome sanitary arrangements.

Allow me, in closing, to thank the pupils for their courtesy, the parents for their encouraging words, the teachers for their loyal support, and you members of the School Committee for the liberty granted me in my very pleasant though sometimes arduous duties.

C. E. STEVENS,
Superintendent.

W. F. GILLETTE.

CERTIFICATES.

No child under sixteen years of age can lawfully be employed in any factory, workshop or mercantile establishment unless his employer keeps on file his employment ticket and certificate. To obtain the certificate the person intending to employ the child must fill out the prescribed employment ticket. Blanks may be procured of the Superintendent. After obtaining the employment ticket properly filled out, the child, accompanied by his father, if a resident of the town; if not, by his mother or legal guardian, may obtain a certificate from the Superintendent of Schools.

For the benefit of those interested a brief statement of the laws concernin the employment of children is here given.

1. No child under thirteen years of age can be employed in any factory, workshop or mercantile establishment.
2. No child under thirteen years old can be employed for wages, in any indoor work, during public school hours; nor in any other manner (as without wages or out of doors) during school hours, unless said child has attended school thirty weeks during the preceding year.
3. No child under fourteen years of age can be employed before 6 o'clock in the morning, nor after 7 o'clock in the evening.
4. No child under fourteen years of age can be employed in any factory, workshop or mercantile establishment except during vacations, unless the employer keeps on file a certificate of age and schooling, and an employment ticket, nor can any child under fourteen years be employed in any indoor work for wages, during school hours, unless he has attended school at least thirty weeks during the year next preceding.
5. The Age and School Certificate belongs to the minor employed, and must be surrendered to him or her when he or she leaves the service of the employer.

CHAPTER 47.

CONCERNING VACCINATION.

SECTION 9. The School Committee shall not allow a child

who has not been duly vaccinated to be admitted to or connected with the public schools.

CHAPTER 515, ACTS OF 1894.

SECTION 2. All children who shall present a certificate signed by a regular practising physician that they are unfit subjects for vaccination shall not be subject to the provisions of section nine of chapter forty-seven of the Public Statutes excluding unvaccinated children from public schools, and all children upon such a certificate shall be exempted from the provisions of this act, and the parents and guardians of such children shall not be liable to the penalties imposed by section one of this act.

CHAPTER 198.

AN ACT TO PREVENT THE SPREAD OF CONTAGIOUS DISEASE THROUGH THE PUBLIC BUILDINGS.

The School Committee shall not allow any pupil to attend the public schools while any member of the household to which the pupil belongs is sick of small-pox, diphtheria or scarlet fever, or during a period of two weeks after death, recovery or removal of such sick person; and any pupil coming from such household shall be required to present to the teacher of the school the pupil desires to attend a certificate from the attending physician or board of health, of the facts necessary to entitle him to admission in accordance with the above regulation.

CHAPTER 203.

CONCERNING INJURY TO PUBLIC SCHOOLS.

Whoever willfully and maliciously or wantonly and without cause, destroys, defaces, mars or injures a schoolhouse, church or other building erected or used for purposes of education or religious instruction, or for the general diffusion of knowledge, or an out-building, fence, well or appurtenance of such schoolhouse, church or other building, or furniture, apparatus or other property belonging to or connected with such schoolhouse, church or other building, shall be punished by fine *not exceeding five hundred dollars*, or by imprisonment in the jail *not exceeding one year*.

CHAPTER 498, ACTS OF 1894.

AN ACT RELATIVE TO THE ATTENDANCE OF CHILDREN IN
THE SCHOOLS.

SECTION 1. Every person having under his control a child between the ages of eight and fourteen years, and in every city and town where opportunity is furnished, in connection with the regular work of the public schools, for gratuitous instruction in the use of tools or in manual training, or for industrial education in any form, a child between the ages of eight and fifteen years, shall annually cause such child to attend some public day school in the city or town in which he resides, and such attendance shall continue for at least thirty weeks of the school year, if the schools are kept open for that length of time, with an allowance of two weeks' time for absences not excused by the superintendent of schools or the school committee. Such period of attendance shall begin within the first month of the fall term of school, and for each five days' absence of any such child thereafter, in excess of the above allowance, before the completion of the required annual attendance of thirty weeks, the person having such child under his control shall, upon the complaint of the school committee or any truant officer, forfeit to the use of the public schools of such city or town a sum not exceeding twenty dollars, but if such child has attended for a like period of time a private day school approved by the school committee of such city or town, or if such child has been otherwise instructed for a like period of time in the branches of learning required by law to be taught in the public schools, or has already acquired the branches of learning required by law to be taught in the public schools, or if his physical or mental condition is such as to render such attendance inexpedient or impracticable, such penalties shall not be incurred.
